19th August 2020

Dear Parents, Carers and Students,

The past few months have been worrying for year 11 students and Government decisions over the past week will not have eased this.

I am sure you are already aware that the Government has decided to change the way students' qualifications will be assessed. I am writing to reassure you that the school is working hard to issue students with their Centre Assessed Grades on Thursday of this week. These are the grades which the school passed on to the exam boards a number of weeks ago following a thorough moderation of student's work in all of their subjects. We have yet to receive detailed guidance about the process and it might be that some courses, such as technical awards, take longer to issue grades. At some point we expect the Centre Assessed Grades to be formally ratified by the exam boards.

Please bear with us over the next few days. Once your child has received their grades you may have some questions or concerns. Members of staff will be in contact with the students from 11am on Thursday 20th August to talk with students about their results using the contact details submitted before the end of the summer term. We will answer all of the questions we can, with the information that we have, as I'm sure that you are aware the information we have has been continually changing over the past few days. If students require more help about their next steps or further advice, then they will be able to schedule a telephone appointment for Monday 24th August.

We want to help our year 11 students, in the best way possible, to understand the results that they will receive on Thursday.

Yours sincerely,

Darren Warner-Swann
