Dear PCS Families

RE: Supporting Our Girl's Network - Community Partnership Opportunity

I hope this message finds you well. At Peacehaven Community School, we are committed to helping every student reach their full potential, both academically and personally. This year, we are developing an exciting initiative - The Girls' Network - which will provide mentoring, leadership opportunities, and confidence building activities for our female students. This will run alongside our already successful Boys' Network, which we have continued to secure funding for.

To make this project possible, we are seeking support from our wider school community. Many employers have community or charity funds (sometimes called a 'community pot', 'corporate social responsibility (CSR) budget', or 'matched giving scheme') which allow them to donate to local projects that make a real difference.

We would be extremely grateful if you could enquire whether your workplace might consider supporting this initiative. Contributions would help fund:

- mentoring sessions with female role models from different industries
- confidence and leadership workshops
- materials and resources for mentoring and wellbeing activities.

Even small donations can have a big impact. All funds will be used directly to support our students and will be acknowledged (with permission in school communications).

If you or your employers would like to learn more or discuss how to contribute, please contact us directly via email at olivia.letang@swale.at, jane.tremlett@swale.at, or by calling the school office on 01273 581100.

Thank you for your continued support and for helping us build a community that empowers our young people - especially our girls - to aim high and achieve their goals.

Warm regards

O L'etang
