

Year 7

Shout

Outs

*To all my Geography Students .....*

*Thank you for all the hard work this year. I am looking forward to all the new adventures and world we are going to discover next year . Have a wonderful Christmas and remember ....*

The study of geography is about more than just memorizing places on a map. It's about understanding the complexity of our world, appreciating the diversity of cultures that exists across continents. And in the end, it's about using all that knowledge to help bridge divides and bring people together.
