

Victory

Victory came our way
As now it is the end of the day
The lights that were out
We no longer talk about
Our lives begin again
Same with all of the men
The burning of land
Where the planes land
All we wanted was for our brothers, uncles, sons, grandparents and friends
Wishing that we knew they would come home
Wishing we knew they were okay
Wishing they were able to just stay

It was a fabulous day on 8th of May 1945
The cheers broke out almost like a bees hive
At 10:01 we all knew it was our time
Our time to find cheer and celebrate the feeling of the line
The line that had now ended
The line that took 6 years to end

Although it felt like a Win of amazement
We will never be able to forget the great story of WW2
We will thank all of the people that made it possible for us to be here now
We will thank everyone who fought for us and our country
And we will never forget xx
