

PCS PE Kit

The PE kit at Peacehaven Community School has not changed for nearly 10 years and with new materials and changing trends, we have gone through a consultation process with parents and students to develop a new PE kit. After speaking to parents and students it was clear that the kit needed to be quick dry and non-iron, remain smart with logos, have more options available and be affordable.

Our ethos is that all students are equal and part of the PCS team which our students also feel very strongly about. They also expressed a sense of pride in looking smart and uniform in their appearance. Because of this, the majority of our kit has the PCS logo on and therefore can only be purchased through the web site.

Essential kit (compulsory):

OR

Students must wear PCS shorts with logo and a PCS polo with logo.

Two polo top options are available, a lightweight poly which is quick dry non-iron (available from the website) or heavyweight short sleeve rugby polo (available to order from the school), also non-iron and quick dry. We feel the choice of tops will allow students to reduce the costs of buying a polo and rugby top separately and to offer a variation if they so choose.

All students are required to wear PCS PE kit for PE lessons. If a student is ill or injured and in school they will still need to change and will adopt a different role, such as a coach, to allow their learning to continue.

Jewellery

For PE lessons all jewellery must be removed. **Earrings cannot be taped up** following advice from our governing body. Any piercings will need to take place in the long holidays to allow enough time for the piercing to heal so they can be removed. Students who have their ears pierced in term time will not be able to participate practically and will need to make up that time.

Optional kit (Extras):

Students were very keen to have more options available outside of the compulsory kit in order to best suit the needs of the individual. These are not compulsory but are recommended as lessons take place both inside and outside throughout the year. During colder months, students are advised on how to keep warm and that they can wear layers under their kit to stay warm as long as it is not visible.

Base layer:

Students have the option to wear a lycra base layer under their core PE kit. These can be purchased from any retailer.

Base layer tops, either black or red, can be worn under PCS polo shirts as long as no logos are showing.

Base layer black bottoms can be worn under PCS shorts as long as no logos are showing. PCS Dance lycra leggings can be worn for this purpose.

Mid/top layer

Additional clothing options are allowed to be worn as part of a student's PE kit but these will have the PCS logo on and therefore can only be purchased through the web site.

PCS black 3/4 zip top, quick dry non-iron for warmth

PCS rain jacket

PCS tech pants, quick dry non-iron for warmth

PCS socks

Dance Kit

Dance is a subject which can be opted for in year 9 and has its own kit requirements. Kit is ordered via the school and orders are taken for any items required twice a year.

Dance leggings

PCS lycra legging with logo or plain black lycra leggings with no logos.

Dance top

PCS dance round neck with logo and initials

PCS dance fleece with logo and initials
